February 2016

Hello! We are the project workers for the Abbeyfield Community Project which is a group of churches working together to help make this area a great place to live. We are keen to get to know all our neighbours and we have set up a Facebook group to communicate all of our events. If you have any ideas as to what you would like to see happen, or are willing to help at any event please contact us. Hope to see you soon!!
